Propositions On State Ballot Are Reviewed

(EDITOR'S NOTE: This is the second of eight articles explaining propositions appearing on the Nov. 4 election ballot).

Do you think state aid to public schools should be increased from the present $120 to $180 per pupil?

Proposition 2 on the coming state election ballot would do that by writing the amounts into the Constitution. Strong arguments have been voiced on both sides of the question, and here are some of them.

Supporters of the proposition contend the burden of paying for education in California falls too heavily on the local taxpayer and something should be done or the yoke will become heavier.

Opponents reply there is no need to guarantee the amounts in the Constitution because the Legislature reviews the school finance problem annually and "does a good job of it".

Those who advocate passage of Proposition 2 point out the "twin pressures of inflation and population" have created a major crisis for California schools.

Proponents say there are only three possible solutions to the problem: (1) Continue increasing taxes on homeowners and local property taxpayers; (2) Cut back school services; (3) Increase school revenues from a tax base that is broader than property tax alone. They prefer point number three.

School revenues are raised by a variety of taxes, including property tax (on the local level) and state collections such as sales taxes, income taxes, and bank and corporation taxes.

Proposition 2 changes two figures in the Constitution. It sets state school support at $180 a year per pupil in average daily attendance. The present figure is $120.

It also would guarantee that the minimum support to any school district shall be $120 per pupil. The current minimum is $90.

Principal reasons the amounts should be speciffied in the Constitution, say proponents, is (1) they have been there for 50 years and (2) only a constitutional guarantee can be relied upon to keep schools open in time of depression.

Arguments against Proposition 2 are voiced by Von T. Ellsworth, research director from the California Farm Bureau Federation, and A. C. Hardison, president of the California Taxpayers Association.

They say they are not against increasing state aid to education but hit at the method advocated by Proposition 2 to solve the school problem.

Ellsworth and Hardison declare they do not oppose good schools, or good salaries for teachers, or adequate school financing. But they hesitate to "freeze into the State Constitution a dangerously high school appropriation for schools".

Opponents want to assign to the Legislature the task of solving the school problem. "Since 1946," they state, "the Legislature has adopted over 15 important laws which materially improve California schools".

Proposition 9 also affects education, but there has been no opposition expressed in the secretary of state's report on propositions.

This amendment to the Constitution simply would extend property tax exemption to unfinished buildings of non-profit colleges. That was the situation before 1950, when a State Supreme Court decision indirectly changed it.

For many years prior to 1950, college buildings, whether completed or still under construction, were exempt from taxation. Then came the court decision in a case involving hospital exemptions.

Interpreting the court ruling, tax officials declared that to be entitled to exemption, a college building must actually be in use on tax day and must be completed.

START PICKING FOOTBALL WINS - CONTEST ON NOW

Will San Jose State top Colorado University at Colorado in Saturday's football game? How about Stanford and Santa Clara? or Oregon State at Utah? It's worth real money, $25 first prize, if you pick most of them right in the Campbell Press weekly football contest which starts today.

Five dollars in prize money will go to the person who picks the second highest number of wins and $3 will be awarded as third prize. You don't have to pick the actual scores. A calculated guess as to the probable winner will do the trick. If you think the game will end in a tie, that fact should be entered, on the blanks availabie at Campbell participating merchants.

Simply pick up an entry blank at one of the Campbell stores, follow the directions on them and mail or bring the completed forms into the Press office. For this initial week only, the deadline for all entries will be 10 a.m. Saturday. Thereafter, it will be 2 p.m. Fridays. Winners will be notified by mail or telephone.

The contest is open to everyone except employees of the Campbell Press and their families.

Contestants are required to obtain an entry blank from one or more of the firms advertising on the football page.

Each entry must be made on an official blank. There is no charge for blanks and no purchase need be made to obtain one.

In case of ties, neatness of the entry will decide the winner. The decision of the judges will be final.

Instructions in filling out entry blanks, printed on the blanks, are to be followed closely to avoid disqualification.

Names of the prize winners will be announced in the news columns of the Campbell Press each week.

Games to be played this week are: Oregon State at Utah; Oregon at UCLA; San Jose State at Stanford, Washington State at Southern California; Idaho at Washington; Oklahoma A&M at Arkansas; T.C.U. at Kansas; Villanova at Kentucky; Wake Forest at Baylor; Texas at L.S.U.; Maryland at Missouri; Georgia at Vanderbilt; Willia mand Mary at V. M.I.; Temple at Penn State; College of Pacific at California.

HOSPITAL COMMITTEE ENDORSES SHADLE, WENTWORTH, BRADDOCK

Herbert M. Shadle of Campbell and Don E. Wentworth of Saratoga will be candidates to succeed themselves as members of the Board of Directors of the West Valley Hospital District at the special election to be held in the district on November 18th. At the same time, James W. Braddock of Cambrian Park is a candidate to fill the vacancy on the Hospital Board created by the retirement from that board of Martin S. Walsh of Campbell.

These three candidates have the endorsement of the West Valley Hospital Citizens' Campaign Committee, headed by Adm. Charles W. Styer. This committee is dedicated to obtain the approval of hospital district voters of a $800,000 bond issue to build and equip a 50-bed hospital at Vasona junction, between Los Gatos and Campbell.

Mr. Shadle,wh o currently serves as president of the Board of Directors of the Hospital District, was born in Oakland in 1884. His boyhood years were spent in Saratoga, Sacramento and Madera. On completing high school, he entered the University of California pharmacy college, from which he graduated in 1905.

He married a Saratoga girl, Katherine Husted, in 1915. Came back to the Santa Clara valley in 1916 to work for the Owl Drug company. He opened Shadle's Drug store in Campbell in 1928, and retired from store ownership in 1944. He is still active in drug work, helping in two Los Gatos stores.

Since coming to Campbell, Mr. Shadle has been active in civic betterment, serving as

CAMPBELLITES ATTEND $100 DINNER IN S. J.

Mrs. Julianna Cardellino, 666 Lucot Way and Mrs. Virginia Cline, 269 Esther avenue attended the $100 a plate Republican dinner at Scottish Rite Temple, San Jose, last night for free.

They were the lucky winners of tickets awarded by the Campbell Republican Assembly, of the United Republican Finance Committee chairmaned by Mrs. H. T. (Sue) Miller.

Other Campbell people attending the dinner for Gen. Eisenhower, Richard Nixon, Charles Gubser and Bruce Allen were Mr. and Mrs. George Ninis, Mr. and Mrs. Robert Free, Lynn Beatty, S. Howell Creed and R. A. Ryan.

S. Howell Creed, 727 Ridgeley Drive, new president of Republican Assembly had charge of ticket selling campaign for the Republican Assembly.

Mrs. Ed. Litynsky, is chairman of women's division of the Republican Assembly.

OTHER CANDIDATES FOR HOSPITAL BOARD OF DIRECTORS ANNOUNCED

Other candidates for Board of Directors of West Valley Hospital District, embracing Campbell, Los Gatos, and Saratoga Townships' $800,000 bond issue which will be voted on November 18, are Mrs. Charles Chubb, 681 Emory Drive, Campbell, Richard Garrod, Mt. Eden Road, Saratoga, and Atty. William L. Mattenberger, 11 Reservoir Road, Los Gatos.

Mrs. Chubb is a member of the committee opposing the West Valley Hospital District. Garrod declared he is not opposed to building the proposed hospital, but he believes the location is wrong and feels $800,000 will be insufficient for the purpose.

ONA CHUBB
. . . Candidate

Mattenberger said his candidacy is entirely independent of the committee opposing present board plans.

"If elected, I shall study all aspects of the question, Mattenberger said. "If I find there is need for a hospital in the area, I shall be for it. If not, I shall oppose it. I decided to seek election to the board on the request of a number of people."

Three district directors will be elected from among six candidates

The November 18 bond election will be the second held since the district was formed. A $750,000 bonding proposal was defeated on September 18, 1951, when it failed to secure the required two-thirds major- Vote then was 2868 for the proposal and 2387 opposed.

Herbert M. Shadle, chairman of the board of directors, said Monday that directors voted last week to hold both elections at once since there were more than three candidates who had filed for positions as members of the board of directors.

"If there were only three persons filing for the three positions, they would have been elected automatically, after deadline for filing candidacy was reached," Shadle said.

BANK DEPOSITS SHOW INCREASE

Since June 30, 1952, deposits have increased by $12,000,000.

FINAL DETAILS OF AREA SERVICE DRIVE WORKED OUT; COMMITTEES APPOINTED; SERVICES OUTLINED

Dr. Robert M. Wade and Edward F. Tablak, president and chairman of Campbell area Community Service Fund drive, respectively, met with the publicity committee, Dorothy Blair, Sigrid Jones, Jerry Erickson, Lou Sayer, Johnny White, Bob Shockley and Neal Royer to arrange final details for the drive, this week.

Thermometers to show progress of the drive were designed and constructed by Lou Sayer. Committee has posted them at each end of Campbell avenue business district.

Jerry Erickson designed the poster, "Give Where You Live." Soon store windows and sidewalks in Campbell will remind residents to support the drive, as Bob Shockley and Neal Royer apply paint brushes. Johnny White is distributing posters and materials over the area. Sigrid Jones, though a Saratogan, is contributing time and photographic skill. Reporting and script writing are being handled by Dorothy Blair.

Area drive captains are: Area 1, Mrs. H. G. Finley, Mrs. J. W. Ginny, Moorpark PTA; Area 2, Mr. R. Seligson, Moreland PTA; Area 3, Mrs. Ray Snyder, Quito Park; Areas 4 and 5, Mrs. Ellis Litynsky, Audrey avenue; Area 6, Mrs. Henry Parysek, North Milton; Area 7, Mrs. George Jansen, business and professional women's group; Area 8, Mrs. William Gould, Country Women's Club; Area 9, Mrs. Harry A. Smith, Campfire Girls; Area 10, Mrs. Franklin MacDonald, Ridgeley drive; Area 11, Mrs. R. V. Hoover, high school PTA; Area 12, Mrs. George Hatlen, Briarwood. Downtown business establishments, Forrest Reese and the Rotary club; outlying business establishments, Lions and Kiwanis clubs; school employees, Laurence J. Hill.

"Your Community Service Fund Board is not asking for charity. It is offering insurance for yourself and your family against tragedy. The organizations you are supporting with your subscription are designed to protect your children, your home, and your community from the ravages of delinquency, crime and mental and social disease. The smug thought that it can't happen here is blasted daily by occurrences reported in the newspapers.

"The fact that it can happen here is manifested by court records and bulging institutions. The only recourse is prevention. There is little hope of cure once a community is caught in the avalanche of delinquency and crime," drive chairman Ed. Tablak said.

FILL 'ER UP! Ed Tablak, Campbell area Community Service Fund Drive chairman, points to starting place of thermometers in Campbell for registering the success of the drive. Dr. Robert M. Wade, president of Service Fund Board, points to the goal, $18,500, which Campbell area residents are asked to contribute for various community services. (Sigrid Jones photo.)

Tablak outlined benefits to area residents of Campfire Girls program, Family Service Association, library, milk and lunch funds, and Visiting Nurses Association:

"The programs of the Campfire Girls, Girl Scouts, Boy Scouts, and the YMCA are based upon the seven crafts of home, outdoors creative arts, frontier, business, sports and games, citizenship and service to the community. Their activities are a liberal education and they build character and promote high ideals in our young people.

Many citizens are contributing time and strength to give faithful leadership to these groups. Materials and operating expenses are the only cost to our community for the multiple services of these indispensible organizations. Compare it to the cost of the inroads of delinquency," Tablak said.

"The Family Service Association, where troubled families can have the confidential guidance of trained and experienced counselors in times of stress, has steered many people safely through situations which could easily have ended in human destruction and enormous costs in tax dollars. The great extent and value of the Family Service to the community is difficult to reveal because of the confidential nature of its services. Human suffering cannot be measured on charts nor reduced to statistics, but the taxpayers' dollars can. Family Service saved thousands of your tax dollars last year by the prevention of divorces and by rehabilitating potential delinquents.

"The recreational and cultural value of our library is increased by remaining open full time and by having the services of a trained librarian. The county provides only for part-time help. The Service Fund makes possible the additional values.

"Good health is a large factor in good citizenship. The P.T.A. milk and hot lunch funds are indispensible in preventing malnutrition in many children in the community. The Visiting Nurse Association now has a full-time nurse on duty for the Campbell area. When illness strikes in a family, the aid and skill of a trained nurse is of inestimable value."

UNION SCHOOL ENDS SUMMER WITH 'COUNTRY FAIR' EXHIBITION

A steady stream of children, parents and visitors passed under the "Country Fair" banner at Union District Elementary School Thursday afternoon and evening to see exhibits, purchase craft work, patronize booths, and participate in special events at the culmination of Union School's 10-week summer recreation program. According to Mrs. P. W. Griggs, recreation went during the day, and the sale of craft articles made by the children netted a fair amount to partially pay for craft materials used during the summer program.

Biggest events for the children were the king and queen contest and the amateur show. Olga Banas and Don DeLong were selected by a judging committee, composed of Union School Supt. Kenneth A. McDonell and Trustees R. A. Mirassou and A. C. Hicks, to be king and queen of the playground and to participate in a similar contest at the Santa Clara County Fair. Patricia Griggs, Merna Markassen, Arthur Jones and David Berg were runners-up out of an original group of 12 competitors. Appearance, personality, speaking ability, education and talent were the points considered, and the winners were appropriately crowned.

The same judges determined the winners of the amateur show, choosing Judy Gould, a 5-year-old, as top entertainer for her baton performance to "The Stars and Stripes Forever." Mary Nunes, in a hula dance, "The Cock-eyed Mayor," placed second, and third spot was a tie between Kay Maddrey, presenting a clarinet solo, and Skip Lavery, singing "Wait 'Til the Clouds Roll By."

Don DeLong's tap dance tied with Ginger Christensen's singing of Brahms' "Lullaby" for fourth place; and fifth prize ribbons went to Sharon Melbourn, a singer, and Joe McLaughlin and Don DeLong for card tricks. The amateur show also included a skit, "Waiting for the Train," which combined the efforts of Victor Kawasaki, Melvin Mitchell, Albert Ridley, Skip Lavery and Jimmy Elliott.

Adults then took over the auditorium following the amateur show for a square dance festival, conducted by Tom Suhr and patronized by a large group of Los Gatos square dance enthusiasts.

Square dancing was one of the adult classes at Union School under the recreation program and will continue to meet on Wednesday evenings the rest of the summer and into the fall and winter under Mr. Suhr's tutelage. Adult craft classes in woodwork, sewing, ceramics, etc., will also continue on Tuesday evenings although the the juvenile program has ended. New people may enroll on both nights.

Final event for the afternoon portion of the fair was a costume parade with Mesdames Verona Gaynor, Ora Doolittle and Margaret Roth as judges. From the girls they chose Janet Creech for first place as an old-fashioned Southern belle; Mary Nunes second in an Hawaiian costume; and Beth Creech third as an Indian. Arthur Jones, in a Chinese outfit, was first among the boys; Jimmy Elliott second as a hobo; and David Berg third, well padded as a fat man.

During the early part of the afternoon Miss Judy Zent, a recreation major from San Jose State College, who has served as Mrs. Griggs' assistant, supervised a series of races, relays and novelty contests. Ribbons were awarded to winners as follows:

25-yard dash—Girls, 5, 6 and 7 years old, Mary Nunes and Sharon Melbourn; boys, same ages, Jerry McLaughlin, Melvin Mitchell and Walt Huston.

35-yard dash—Girls, 8, 9 and 10, Penny Mallette, Kathy Trout and Mary Neilsen; boys, two races, Stephen Notherby, Leland Fosgreaves, Johnny Vucinich, and Allen Kawasaki, Mike Netherby and Billy Ed Smith.

35-yard dash—For girls, 11 and over, Janet Banas, Janet Creech and Donna Creech; boys, Joe McLaughlin, Neville Owen and Dick McGiffen.

Shoe race for boys 8 and under —Ronald Erickson, Allen Kawasaki and Billy Ed Smith; girls, 8 and over, Janet Banas, Marty Barcus and Carol Barcus.

All girls' wheelbarrow race — sen and Shirley Marino, Beth and Janet and Olga Banas, Mary Neil-Donna Creech.

Boys' wheelbarrow race — Skip Lavery and Don DeLong, Victor Kawasaki and Albert Ridley, Dick McGiffen and Neville Owen.

During the rest of the afternoon, visitors patronized pony rides and saw a movie show

BUSINESS MERGER UNITES FORMER NAVY BUDDIES

A partnership between Saratoga Barn and Saratoga Transfer was effected recently when C. W. Neale and A. W. Yesney, former Navy shipmates, joined forces to offer the Saratoga-Campbell area a used furniture (buy, sell, transfer) service.

Both men spent six years in the U. S. Navy, most of it together, and most of it in the Southern Pacific area.

Neale and Yesney, after service on the U. S. S. Honolulu, were transferred to a Navy ordnance station at Pocatello, Idaho. While there they received their training in receiving and shipping.

Yesney had been working for one of the Henry Kaiser plants at Willow Run, Mich., when they decided, in an exchange of letters, to get together in business as they had worked together in the Navy.

Their most recent Navy experience was participation at the atomic bomb explosion test on Bikini Island.

Both are fimily men. Neale lives with his wife Laura and three children, Danny, 6, Diana Gay, 7, and Douglas, 2.

Yesney and his wife Elayne have two children, Dick, 5, and Gwen, 6.

Since 1934, we've been expanding our system to bring telephone service to the Columbia Basin area.

When the Columbia Basin needed telephones

Making a desert blossom meant building a complete, new communications system

Twenty years ago, much of central Washington was sagebrush wasteland. Then came the Columbia Basin project with its plans for a huge dam and thousands of miles of irrigation canals. Right from the beginning, one of the important "tools" needed was telephone service. And we began, even before a yard of earth was moved, to create a new telephone system in the desert. We've invested hundreds of thousands of dollars to build the new facilities in the Columbia Basin ...an investment which will mean much to the West and to the nation. For it is helping turn barren land into rich, food-producing farms.

Highway mobile telephones have been helping contractors and engineers build a network of canals over the vast area. In 1934, we put a private line circuit from Coulee Dam to Ephrata. Today the dam itself is webbed with miles and miles of telephone lines...a nerve system over which practically all operations are controlled. And throughout the Basin area we've been building huge amounts of telephone facilities to take care of its amazingly rapid growth. In Ephrata, for instance, three operators handled all calls in 1942. Today, although dial equipment handles local calls, 25 operators are needed. In Moses Lake, there were 66 telephones in 1935. Today there are more than 2000...and the real growth still lies ahead. Eventually, irrigation water will reach more than a million acres. And we'll keep doing our best to see that the people who move there will have telephone service equal to that in other areas we serve here in the West.

Your telephone is one of today's best bargains

Throughout the West, the Columbia Basin telephone story has been told in hundreds of rapidly growing communities. And, fast as the West's growth has been, the telephone has grown at an even faster rate...twice as fast in the territory we serve. For at today's prices, the telephone is so economical more people can afford it...so useful, more people want it.

Before an altar decked with white gladioli, asters and stock, Esther Giordano and Warren Payne Bent plighted their troth in an evening ceremony in the First Baptist Church of San Jose. The rites were performed by the Rev. Clarence Sands.

The bride, given in marriage by her father, Nunzio Giordano, wore an en train gown of white slipper satin with Chantilly lace bordering the bouffant skirt and off-the-shoulder yoke. Her lace trimmed veil was held by a beaded halo, and her bouquet was a cascade of orchids and stephanotis.

Bridesmaids Mary Crisp, Theresa Artellon and Grace Giordano were attired in pink frocks styled like that of the matron of honor, and their bouquets were composed of lavender chrysanthemums.

Little Sherill Artellon, the bride's niece, was flower girl, while nephew Dennis Crisp acted as ring bearer.

The benedict's best man was Hollis Wood. Lary Crisp, Cyril Giordano and Delbert Artellon performed the duties of ushers. Vocal selections were given by Russell Kepinger, accompanied at the organ by Joyce Klassen.

100 GRID HOPEFULS START WORK AT HIGH SCHOOL FIELD MONDAY

READY TO GO. Campbell Union High School football coaches (l to r.) Julius Langlo (130 squad), George Miskulin (line coach, varsity), Jim Muir (head coach, varsity), and Junior Morgan (junior varsity) stand ready to greet 140 football applicants at start of 1952-53 season practices which started this week.

Campbell High School football is in full swing with 100 husky applicants bucking for berths on the 1952 squad, head coach Jim Muir said today.

Eighty hopefuls showed up last Saturday for physicals and were issued suits. Twenty more reported during the week and Muir expects about 40 more when school starts Monday.

"It's too early to tell yet, just what we've got," Muir said, mopping his brow at Tuesday's session. "But there is one thing sure," smiling at a newcomer plowing into a dummy, "they're all in there trying.

Muir said he will stress conditioning with running, and calesthenics in the daily practice sessions from 5:30 to 7 p.m. with perhaps a few plays being walked through today or tomorrow.

"We only have a little better than two weeks before that first game Oct. 3 with Capuchino," he said. "I'm hoping for a win, naturally, but a good foundation in basic fundamentals will stand us in better stead for the whole season, even if it costs us this first contest."

Coaches George Miskulin, Julius Langlo and Junior Morgan have been eyeing the turnout and making mental notes on abilities and by next week hope to have a more accurate picture of this season's chances.

WSCS Year Opens With Luncheon

"Proclaim the Good News," missionary theme for the Women's Society for Christian Service this year, was the subject as well for an inspirational address by Mrs. John Kenney of San Francisco at the opening luncheon of WSCS in the Methodist Church Parlors September 11th. Approximately 130 members and guests attended the luncheon, which followed an executive board meeting and a general meeting.

Mrs. Herbert W. Neale was chairman of the day and introduced the speakers. A welcome was extended by Mrs. E. R. Kennedy, president of the Campbell WSCS, and devotions were led by Mrs. Nelson Cowdery. Miss Doreen Farr presented three vocal selections, accompanied by Mrs. David Rutherford.

Thirteen tables were decorated by the various circles of the society in unusual and elegant styles. There were handmade lace cloths over satin, one with appointments in dark blue glass and silver, one with dahlias in autumn shades against ecru lace, another with fall flowers and grape clusters at each setting, to mention only a few of the exquisite designs. A plate of three attractive salads was served each of the attending ladies, with hot rolls, beverages and desserts.

The Campbell organization, which is part of one of the largest women's societies in the world, looks forward to a year of satisfying work. The chief country to be studied this year by the group is Africa. The new year books were available at the luncheon.

Four Campbellites will meet with friends at Roseville today, to assemble camp equipment, make last minute check-ups on mounts, pack animals and trail paraphenalia preparatory to shoving off from Big Meadows on a 10-day to two-week deer hunt.

Campellites in the party include IRA GRIM, JOSEPH V. GOMES, BERT BURDA and MITCH LA TERZA.

St. Lucy's Institute 204, YLI, meets tonight at 8 p.m. in the Country Woman's Club House in Campbell.

Mrs. EUGENE HINES, president, will preside over the meeting.

Gilbert Krug reported a change for the worse in his wife's condition. She has been taken to a hospital in Moline.

Home from O'Connor's and recuperating nicely from an operation is Mrs. HELEN SWANEY, mother of Mrs. MARY HUMMEL of Kenneth avenue. Keeping her company in the rapid recovery department is her grandson GARY HUMMEL, 2½, who fell and cut his chest shortly before Mrs. Swaney's homecoming. Gary's doctor stitched the cut, and the stitches make it easier to differentiate between Gary and his twin, JERRY.

Think of this... next time you open a can

You open a can . . . or two or three . . . and in a matter of minutes there's an appetizing, nourishing meal on the family table.

But did you ever stop to think that this simple act—duplicated 574 times a year by the average family—is helping create jobs right here in California? Yes, the can has helped *everybody* to eat better. And as a result, thousands of people here in California are profitably at work.

Out of this modern container for food have come jobs for farmers and farm workers, for canners and their employees, for railroad men and truckers, for storekeepers, and those who make the cans at American Can Company's nine plants in California.

American Can Company's manufacturing activities in California—and our work with canners throughout the State—show how an industry, in developing a market for what it sells, helps communities all over America.

A Hint to Thrifty Housewives

Canned fruits and vegetables are always your best buy . . . and are today a greater value than ever.

Quality foods harvested and canned at the peak of flavor assure you nutritious meals . . . and there's never any waste.

NEW CITY ORDINANCE PROHIBITS REMOVAL OF GRAVEL FROM CREEK; TAXI COMPANY STARTS OPERATION

City Council Monday night passed an ordinance prohibiting removal of gravel from the Los Gatos creek bed without first obtaining a permit from City Council. The ordinance adopted as an emergency measure, effective immediately, became necessary to prevent the collapse of bridges and other structures within city limits. The coming rainy season with its resultant heavy flow of water in the creek bed would further cause danger to creek structures, it was pointed out.

The ordinance provides penalties for non-compliance up to $500 in fines or six months' imprisonment or both.

Campbell Police department, presently consisting of patrolmen Louis Doolittle and Robert Locke, was given the go-ahead sign to organize an auxiliary police force to be composed of Campbell citizens. Further information may be obtained by calling city offices, Campbell 2255.

City of Campbell received a check for $1,851.36 from the Campbell Fire department on the division of physical assets between the Campbell Fire department and the Rosemary Fire Protection district.

Yellow Cab company began operations Tuesday, after City Council decided the city could do nothing until a taxi ordinance is enacted.

The taxi company applied for a license two months ago but could not be granted a permit because of lack of appropriate ordinance.

Company operated by by Ernest L. Gee, 273 California street, operates a 24-hour service in the city from a stand located at the southeast corner of Campbell and Central avenues in front of the Shell Service station.

SCHOOL BUS SCHEDULE SAME AS LAST YEAR

Buses of the Campbell Union Elementary School District will run on approximately the same routes and the same stops as last year. These first several days of school it would be well to have pupils on the street earlier than scheduled until routes become established and times become set, William C. Henley, district superintendent, advised.

Three new schools, Cypress, Rosemary and Quito will eliminate some local transportation in those areas. However, seventh and eighth grade pupils will be picked up and brought in to the Campbell Grammar School as usual. Parents should expect some delay in bringing their children home as it is difficult to get all the children on the right buses, consequently causing delays in schedule.

W. Rosemary Lane Fire Department Lives Forty Days

West Rosemary Lane had its own fire department for forty days, and those were forty fairly frantic days for temporary fire commissioners Mrs. Charles H. Merrill, Mrs. Ben Perry and Mr. Billy Vasser.

The fun started when residents of the west side of Rosemary Lane petitioned the Board of Supervisors to be excluded from the City of Campbell, incorporated, and when their petition was granted, found that their one-half street was the whole of the Campbell Fire District. Until this area, actually one block, could be included in the County Central Fire Protection District, fire commissioners were needed. Mesdames Merrill and Perry and Mr. Vasser stepped into the breach, tore through technicalities and cut red tape until the Campbell Fire District dissolved and West Rosemary Lane joined the county fire program.

ARLYN NOT EDMUND

Parents of Kerry Blackmun, recovered from an attack of sleeping sickness, are Mr. and Mrs. Arlyn Blackmun, not Mr. and Mrs. Edmund Blackmun, as reported in the Press last week.
